MPC Announces Construction Plans

A. J. Watson, president of Mississippi Power Company, this week announced the largest construction budget in the company's history. He said that total construction expenditures during 1961 will be over twenty million dollars.

The largest single project, Mr. Watson stated, will be continuing construction on the third generating unit at the Gulf Coast Plant, located between Gulfport and Biloxi. For this unit expenditures will be approximately eleven and one half million this year. This unit will be completed and placed in service next year, adding 112,000 kilowatts of generating capacity and bringing the total generating capacity of this plant to 262,000 kilowatts.

Other large projects included are:

- A 115,000 volt transmission line between Waynesboro and Lucedale which give these two communities and Laurel an additional major source of power supply. Additions will be made at the Lucedale and Waynesboro transmission substations to provide for this new line.
- An additional transmission line will be constructed from Hattiesburg to Columbia with necessary enlargement of the switching substation at Columbia. This line will not only provide additional power to the Columbia area, but will also give further assurance of continuity of service in case of severe storms or accidents to existing lines.
- Transmission system supervisory control equipment will be purchased and installed in a new control center at Gulfport. This center will be manned twenty-four hours a day, and this equipment will enable the supervisor on duty to see at all times the generation, loads, and power flow at all major points on the transmission system. It will also make it possible for him to operate, by remote control, any switches or other equipment required to maintain the optimum system condition for best overall service.
- A new transmission substation and connecting transmission lines will be constructed at Fernwood, west of Biloxi, to provide additional supplies of electricity in that rapidly developing area.
- A new division office building will be built at Meridian. This will house division offices and the company's central billing office. It will be electrically heated and cooled, and will include

ST. STANISLAUS NEWS - NOTES

Forty-eight students at St. Stanislaus High School took the National Merit Scholarship Qualifying Test, Brother Philip, S. C. Principal, announced today. The test was administered at Stanislaus beginning at 9:00 A.M. Tuesday, March 7.

All students who wish to be considered for Merit Scholarships to be awarded in 1962 took the test at that time.

The qualifying test is a three-hour examination of educational development. The test is the first step in the seventh annual competition for four-year Merit Scholarships provided by the National Merit Scholarship Corporation and by sponsoring corporations, foundations, associations, and individuals.

Forty-one Seniors of St. Stanislaus made the annual Senior Retreat at Xavier Hall in Pass Christian on Monday, Tuesday, and Wednesday of this week.

The exercises began at 9:00 A.M. on Monday and continued through 2:00 P.M. on Wednesday. The Reverend W. T. Dillon, S. J. was the master of the retreat. Brothers Rogers and Ralph accompanied the boys on the retreat.

On Friday, March 17, The Seniors of Stanislaus will challenge next year's Varsity in a football game.

game - a regulation game of the Stanislaus Seniors. Game time is 8:00 P.M.

The Stanislaus Sidelines Club is sponsoring the game and prices of admission will be \$1.50 for students and \$3.00 for adults. All those interested in getting a good look at next year's Sidelines will find this game of great interest.

The concession stand will be opened and this will be operated by members of the Sidelines Club. The revenue will help pay for the new stands.

Final plans for the Sidelines Club Fair were set at a meeting of the Club last week. The date of April 16 and 17 were chosen for the fair. The committee were organized on a definite basis. The revenue will be used to help defray expenses on the new stands.

...the Mississippi Safety Council. The Council sponsored the Bill passed by the 1960 Legislature.

Smith said the inspection bill properly enforced can reduce motor vehicle accidents by some 20% over a period of a few years.

The purpose of this particular law, Smith said, is to eliminate one accident hazard from our highways, the mechanically imperfect vehicle.

The Council President said the Safety officials expected approximately 65% of all vehicles inspected for the first time to fall short of the minimum safety requirements.

"This does not mean there will be major repairs to be made," he said, but it does say there is a defect which if left uncorrected, could cause a fatal traffic accident. This is what the inspection attempts to correct."

According to Smith, some 400 independent garages and franchised automobile dealers have already been approved by the Department of Public Safety to serve as authorized inspection stations and the number is expected to approach 650 by April 1st.

The stations are approved only

Silo Dry Matter Loss Greater In Sweet Sorghum

STATE COLLEGE, Miss. Bacteria produce the acids that preserve silage, but they charge for their work. They eat some of the silage, causing a dry matter loss the farmer may not be aware of because he doesn't see it.

Dr. Dero S. Ramsey of the Mississippi State University dairy department has been studying this problem. He fills two identical bags with the forage as it is being ensiled. One is dried immediately and dry weight is recorded. The other is buried in the silo and when feeding begins its dry weight is compared with that of the first bag.

Sweet sorghum loses more dry matter than corn or oats, these studies show. Corn silage averaged 9 percent loss, oats 12 and sweet sorghum 23 in recent Experiment Station tests.

"Loss of about one-fourth of dry matter ensiled is a serious problem," Dr. Ramsey says. "Solution to the problem is not yet at hand. Further research may show how these high yielding and widely adapted sweet sorghums may be used. In the meantime, studies indicate that some grain sorghums and low sugar, high grain forage type sorghums are acceptable substitutes."

In a recent test a combination of dry matter loss and lower digestibility offset a six-ton per acre yield advantage for sweet sorghum. This is further complicated by the fact that the digestibility of protein in sweet sorghum is low, and unless extra protein is fed to overcome this deficit, both consumption of silage and milk production will be lowered.

A complete report of this research is being published in the March issue of Mississippi Farm Research, which will be available on request from the Agricultural Experiment Station at State College.

MD - 1961 Quota Only Half Filled

Mrs. Theo Tudury, Hancock County New March of Dimes Chairman, announced this week only \$1835 of the \$3735 quota set for the county for 1961 has been collected to date.

Last year the amount collected in this area, she added, was \$3,248.00.

Mrs. Tudury said donation can still be sent; and they will be greatly appreciated as the chapter, she added, not only helps polio, of which they have several carry-over cases in the county, but the funds are needed for the new birth defect program.

The Gulf Coast's Seafood Industry

As communities seek added payrolls and look to their natural resources to capitalize on their advantage more fully, the Mississippi Gulf Coast looks to the sea where there are just as big fish as on land. There have been caught in the transportation, processing and marketing of seafood there are 28 establishments operating in Mississippi, employing 4,322 persons in season. Fishing in these waters means dollars to Mississippi.

A BANQUET**

Only wise men and hungry children fully appreciate their blessings!

Many of God's gifts, like the air we breathe, are received without thought. Others, like the abundance of the harvest, we think about only in season. Still others, like our religious heritage, get varying degrees of attention and response according to our spiritual perception . . . or the precariousness of our plight.

This isn't Christmas . . . or Easter. And we hope it is not a time of personal crisis for you and your family . . .

If it's just a normal week, full of the routine of life—then it's an ideal time to remember your blessings. And Sunday will be an ideal day to begin, renew or strengthen that wholesome habit of worshipping God in the church of your choice.

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Stant-Rauxet Wedding Event Of February 25

Miss Judy Rauxet, daughter of Mr. and Mrs. August Rauxet, became the bride of Mr. Steven Stant, son of Mr. and Mrs. Charles Stant, Jr., of Birmingham, Ala., at a Nuptial Mass at 12 noon Saturday, February 25, at Our Lady of the Gulf Catholic Church.

Rev. Michael Kelly performed the double ring ceremony before an altar trimmed with arrangement of white carnations.

Given in marriage by her father, the bride wore a short white brocade taffeta dress with a bouffant skirt. The fitted bodice featured a rounded neckline trimmed in pearls and three-quarter length sleeves.

Her short veil was attached to a small white hat. She carried a cascade bouquet of white carnations centered with an orchid.

Mrs. Fred Wilson, matron of honor, wore a flowered blue sheath fashioned with a silk overshirt. She wore a white feathered hat and carried a bouquet of pink rosebuds.

A reception for the bride and groom was held at the home of the bride's parents, Camille Stant, of the North Beach Blvd., decorated the reception room with a lace cloth, covered with the wedding cake, with ever candelabra on either side.

The bride's mother chose a navy organza frock with pink accessories and a corsage of pink rosebuds.

For traveling the bride wore a white faille suit, light blue accessories and an orchid corsage.

On their return from a wedding trip to Florida, the couple will make their home with her parents until she completes her studies at cosmetology school.

Out of town guests for the occasion were the bride's grandmothers, Mrs. W. E. Windham and Mrs. H. E. Windham and Miss Fay Windham, of Pass Christian.

expect to go to New York and perhaps elsewhere to meet with other friends of 4-H.

Club members everywhere will share honors with the 302,500 men and women who serve as unpaid volunteer leaders and guide 4-H work in local communities throughout the 50 States and Puerto Rico. Among purposes of 4-H Club Week are: To acquaint more young people with opportunities open to them through 4-H aims and accomplishments, joining or forming 4-H Club, to increase public understanding of and to express appreciation to the many friends of 4-H who support the "learn by doing" program of character development and good citizenship.

Wash white nylons with only white articles. Nylon loves to pick up color and will do it from articles that are seemingly colorfast.

NATIONAL 4-H CLUB WEEK, MARCH 4 - 11 TO BE OBSERVED
National 4-H Club Week, March 4 - 11, will be observed by about 1100 youths in Hancock County. The young people, 10 - 21 years old, are among the 2,302,000 4-H'ers of American who belong to some 94,200 clubs in rural, urban and suburban communities.

The week will be highlighted nationally in Washington, D. C., by a team of six 4-H members, representing 4-Hers everywhere, who will give the annual "4-H Report to the Nation." The report will review in story and pictures outstanding 4-H achievements and current projects. While in the Nation's Capital, the three girls and three boys will visit the White House, meet several members of Congress, high Government officials, and other national leaders. After a short stay in Washington, they

Favre Final Rites Held Saturday Morning
Funeral services for Mrs. Emma Lafontaine Favre wife of Antoine Favre of Bay St. Louis, were held from the Fahey-Whitfield Funeral Home Saturday morning followed by religious rites at Our Lady of the Gulf Catholic Church. Interment was in St. Mary's cemetery.

Mrs. Favre, 78, died at 6:45 A.M. Thursday, March 2, at Hancock General Hospital.

She was the mother of Mrs. C. Thomas Bay St. Louis; Mrs. Pasquale D'Alessandro and Mrs. Harold Yennie, of New Orleans; Earl Favre Sr. and Coban Favre, of New Orleans.

Survivors also include two brothers Sidney and Asa Lafontaine, of Bay St. Louis; and nine grandchildren.
